BEFORE BUYING WE RECOMMEND YOU MEASURE YOUR SHOE SIZE RIGHT

Not sure what is the right SikSilk size for you?

The following instructions will help you choose:

1. Take a piece of paper and a pen or pencil
2. Stand with your heels against the wall
3. Stand upright, placing your weight on both feet
4. Get someone else to draw a line by the tip of your toe
5. Measure the length from the wall to the line
6. Add 3-5mm to the measured length (important for toe space)
7. Compare the foot length with the conversion table above

For the best fit, measure your feet at the end of the day.
